

## **Donizetti – L'ELISIR D'AMORE**

"It (L'ELISIR D'AMORE) was a wonderful evening of opera! The handsome cast of Adina, Nemorina, Gianetta, Belcore and Dulcamara were all in great voice and portrayed their respective roles adroitly and convincingly. The audience was well pleased and showed their appreciation with a prolonged standing ovation. The affair was a huge success!"

"L'ELISIR D'AMORE - was a delightful opera! All the characters were most believable and played their roles to perfection. Nemorino's (tenor, Fabian Robles) facial expressions made you feel exactly what he was feeling, or possibly took you back in time to when you experienced unrequited love. Dulcamara...what a salesman. Pure delight! He played his role so well. Adina and Belcore - so perfect!!!! The orchestra and chorus were perfect! Always great working with your company!"

"L'ELISIR D'AMORE was wonderful! It was enjoyable, well done, consistent, and the adults and students, young and old, enjoyed themselves. The cast was excellent...thanks to all."

"Hi Jenny,

We had a wonderful time with L'Elisir! The whole production was fun! The lead singers were really wonderful and wowed us with their vocal techniques in the opera. We are always amazed that you can handle the logistics of moving those sets, costumes, orchestra etc. We deeply appreciate the great effort that you all put into moving this company around and presenting such delightful classical music. Thank you!"
